

Interest Free Now Available...

PHOTOGRAPHY

V I D E O S

In the same way you can go into Harvey Norman and get a new couch with a small deposit. You can now organise photography or video the same way. We understand the wedding is an investment and so we have introduced interest free to help you with planning of your wedding.

There are 3 ways this is typically used:

1. As part of the initial wedding package. 33% deposit with the booking, 10.5% every month for the last 4 months in the head up to your wedding then 33% of the remained of the package and then small monthly payments.
2. Extra wedding album pages. Just 33% of the extra wedding album pages and then small monthly payments.
Portraits
3. All portrait sales with 33% deposit and the small monthly payments.

We can go into more detail on this by phone or in an appointment.
